Profile

Results-oriented Frontend Developer with 3.5 years of hands-on experience in JavaScript, React, and Next.js. Skilled at building scalable, high-performance web applications and delivering seamless user experiences. Passionate about driving innovation, fostering collaboration, and leveraging technology to accelerate business growth and success.

Skills

Frontend

- Languages: JavaScript, TypeScript, HTML5, CSS3
- Frameworks/Libraries: React.js, Redux, Next.js, Bootstrap, Tailwind CSS
- UI/UX Design: Responsive Design, Component-based Architecture

Backend

- Technologies: Node.js
- Databases: MongoDB, MySQL, Firebase
- APIs: RESTful API Development

Soft Skills

- Communication: Effective cross-team collaboration
- Problem-Solving: Innovative and efficient solutions
- Adaptability: Quickly learn and apply new technologies

Tools & Technologies

- Version Control: Git, GitHub
- Build Tools: Webpack, Babel

Professional Experience

Sr. Software Engineer

Dekko Isho Group

12/2024 – present | Dhaka, Bangladesh

- Enhancing core modules using React.js, Redux, and Tailwind CSS.
- Building and optimizing modern software solutions with Next.js.
- Developing responsive and intuitive user interfaces for business applications.
- Leveraging Redux for efficient application state handling.
- Ensuring clean, scalable, and consistent design implementation.
- Improving application performance and user experience.
- Creating modular components for scalability and maintainability.

Software Engineer

Buyonia Bangladesh Limited

04/2022 – 11/2024 | Dhaka, Bangladesh

- Built responsive user interfaces with React.js to enhance engagement.
- Developed core modules like HR, Inventory, Tech service, Merchandising and Finance, boosting efficiency.
- Reduced load time by 20% for 20,00+ users.
- Used Redux and Context API for seamless app performance.
- Streamlined data handling via RESTful API integration.

Projects

Medico

Online Medicine Store

03/2023 – 06/2023

Developed a secure, compliant online pharmacy platform with prescription upload and verification system. Features intelligent medicine search, category-based browsing, and SSL Commerz payment gateway integration for secure transactions.
